The Department processed **2042 pages** of potentially responsive records captured in the agency's search for FOIA request 2019-00658-FOIA-OS. After a careful review of these pages, I have determined to release **26** pages to you in their entirety, and I am further releasing **(4) four** pages in part, with portions redacted, pursuant to Exemption (b)(6) of the FOIA (5 U.S.C. §552 (b)(6)). I have determined that **2012** pages are non-responsive and duplicative to your request.

FOIA exemption (b)(6) permits a Federal agency to withhold information and records about individuals in "personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." The definition of "similar files" has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term "similar files" to be interpreted broadly, rather than narrowly. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, I have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure, and found that the privacy interest outweighs the public's interest in disclosure.

We will continue to review the remaining records as efficiently and expeditiously as possible, consistent with our available resources and the Order of the Court. Should you have questions or concerns regarding the Department's response and/or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely yours,

Michael S. Marquis  
Director  
Freedom of Information and Privacy Acts Division

Also, please arrive early since we so many people will need to get through security screening.

See you tomorrow.

The Department processed **1923 pages** of potentially responsive records captured in the agency's search for FOIA request 2019-00658-FOIA-OS. After a careful review of these pages, I have determined that **three (3) pages** can be released in their entirety. I have determined that **1920 pages** are non-responsive to your request.

Additionally, the agency reviewed and processed 318 pages of records responsive to FOIA request 2019-00568-FOIA-OS. After careful review of these pages, I have determined to release **187 pages** to you in their entirety, and I am further releasing **48 pages** in part, with portions redacted, pursuant to Exemptions (b)(2), (b)(5), and (b)(6) of the FOIA (5 U.S.C. §552 (b)(2), (b)(5), and (b)(6)). **I have also determined to withhold 83 pages in their entirety, pursuant to Exemption (b)(2), (b)(5), and (b)(6) of the FOIA (5 U.S.C. §552 (b)(2), (b)(5), and (b)(6)).**

FOIA exemption (b)(2) permits the withholding of records that are related solely to the internal personnel rules and practices of an agency.

FOIA exemption (b)(5) protects inter-agency or intra-agency memoranda or letters which would not be available by law to a party other than an agency in litigation with the agency. This exemption protects documents that would be covered by any privilege an agency could assert in a civil proceeding. These privileges include, among others, the deliberative process privilege, the attorney-client privilege, and the attorney work-product privilege. In this instance, the deliberative-process privilege applies.

FOIA exemption (b)(6) permits a Federal agency to withhold information and records about individuals in “personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” The definition of “similar files” has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term “similar files” to be interpreted broadly, rather than narrowly. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, I have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure, and found that the privacy interest outweighs the public’s interest in disclosure.

Should you have questions or concerns regarding the Department’s response and/or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Brandon J. Gaylord".
